

A SAFE HAVEN FOR EXPECTANT MOTHERS

OUR MISSION

To provide a home for single, pregnant women 24 and under who need residential care throughout pregnancy, birth and beyond.

Our desire is to show them God's love while equipping them for a better future, for themselves and their babies.

THE NEED

- More than 40% of 18 to 25-year-old women who experienced homelessness in the past year are either pregnant or already a mother.
- In Georgia, over one-third of all abortions are performed on women in their teens and early twenties.
- Without a safe home and support system, many young women face difficult decisions about their future.

OUR SOLUTION

The Haven offers a safe home where young moms-to-be can receive counseling, life skills training and access to medical care at no cost. We prepare them for motherhood and independent living after graduating our program.

GET INVOLVED

We are debt-free and 100% privately funded. Because of this, we rely on generous donors like you to care for expectant moms in need. There are numerous opportunities to give with financial resources or your time.
